Subject: Welcome to Vensure, Crosspeak Solutions!

Hi Zane/Nick-

It was a pleasure meeting with you yesterday. We are excited to partner with you all as we transition Crosspeak Solutions to the Vfficient HRIS platform.

As I mentioned on the call, attached are the presentation deck, implementation worksheet and a handful of other items which require action. If you can have everything back to me by 12/15 that would be great!

Welcome Call Slide Deck - This is a copy of the deck we went over together on the call today.

Implementation Worksheet - This is also the document we went over together. It's a great tool to use to ensure we are aligned with our set up details and has important due dates for all of the items that require your attention.

Welcome Packet – This is for your reference. The packet is a welcome guide to Vensure with important information and links to training videos, etc.

ACH – You have been approved for the ACH funding method, however for the first payroll Vensure requires you to initiate a wire. I will need the attached ACH form completed to ensure ACH is active on your 2nd payroll.

New User Request Form – Please complete this request form for any additional users that will need administrator access to our system (other than yourself). <https://vensure.jotform.com/213413725512043>

POA - This will allow us to remit and pay taxes on your behalf. (12 total)

Unemployment Administration Agreement form - Please complete this form and provide signed so we can handle Unemployment claims in your behalf.

EE Data- Please complete the attached direct deposit template. If you are unsure of what to add to the file, simply click on the column header for more information.

Suta rate notices- Please provide documentation displaying your unemployment rates for the following states- IL,CA,SC,GA

Ancillaries- Please click on each link below and complete the forms needed to set up each item.

GL Request Parameters Form

Paid Time Off (PTO) Plan Set Up Form

Client Sponsored Retirement Plan Setup Form (New Clients)

Employee Self Service Portal

Once the system build is completed and we have the employee details finalized in the system, they will be able to register and access the Employee Portal. As noted on our call, please have all employees review, and update their W4's to the post-2020 form. I will let you know as soon as the employees are ready so you can send out a notification to your employees to have them register.

Let me know if you have any questions. We are looking forward to working with you!

.

Do these require wet signatures, or is there a way for your team to have me sign them electronically?

Good Morning,

All data will be housed in our system. However, Nick should have access to be able to pull reports, etc. @Angel Deaton - does he have access at this time & if not can we please initiate that if the client agrees.

Also as a reminder, Crosspeak as an organization will still be responsible for paying the insurance premiums.

Hi Nick,

Hannah and I both tried to access your Excel to review and it is blocking our access. Can you allow access for us, please.

Thank you,

Hi Angel,

I am waiting on an update from the carrier on the implementation. I am not certain when the ID cards will be ready due to the timing of the submission. I will get them out as soon as they are available.

Is their ID # available or a contact # I can give them? M.C. says he has a doctor's appointment tomorrow that he needs it for.

Thanks,

They will be able to set up accounts once coverage is implemented. Due to it being January 1st and the busiest renewal date of the year, it takes a little longer.

Nick,

Is there anybody we escalate with Trustmark? I'm happy to personally call the highest person in the company you can get access to. They should have had this to my team Jan 1 and the team is losing trust in our new provider. I don't really like to take some time tomorrow morning to explain this to them And appreciate anything you can do to help set this call up.
